The company feels that the fundamentals will remain positive in 2009 and prices may moderate in the markets, however, the property market may witness a slowdown with some moderate correction which will vary from region to region. The demand - supply gap is anticipated to be much closer this year. The company expects that developers will be reluctant to reduce prices and may indulge in adding sweeteners to their deals rather than engaging in direct reduction in prices. The company's main aspect to provide shelter within the affordable price and quality construction.
